...as well as the possibility of...  
...promotions.

No Officer who has entered the Service...  
...the 1st January, 1857, can be promoted to...  
...Staff Officer, or to any other position...  
...Military or Civil, until he has...  
...passed the prescribed examination in...  
...cases.

Not more than six Officers, including...  
...Officers, Messengers, and Sappers, can be...  
...appointed to Staff or Staff Officer...  
...Regiment of Native Cavalry or Infantry...  
...and a further six may be taken on staff on...  
...engagement, with the sanction of Government; of...  
...these numbers, however, no more than three can...  
...be promoted to the rank of Captain.

As a general rule, when three Captains...  
...are in a corps, all on permanent employ, and...  
...a Subaltern of the same corps, holding also a...  
...permanent staff appointment to which he is...  
...entitled, such a Subaltern and Captain, is promoted...  
...to the rank of Captain, the Officer so promoted...  
...must be required to vacate his appointment; but...  
...if three Captains withdrawn...  
...by Government only, the Subaltern promoted will...  
...continue on permanent staff, and the Captain last...  
...withdrawn, his Staff appointment shall reject...  
...the promotion. It is, however, optional with...  
...Government to retain, on public grounds, the services...  
...of a Subaltern promoted; notwithstanding the...  
...fact that a vacant Captain may exercise the...  
...powers.

Officers employed for a limited period to the...  
...performance of Regimental duty from wounds, or...  
...from other causes, may be appointed to Staff and...  
...Staff Officer, without reference to the number...  
...of Officers to which they belong; but...  
...such appointments shall be considered as sanctioning...  
...the Government in regard of withdrawals for Staff...  
...and Staff Officer, of such Officers, the...  
...number of which shall be reckoned, as from all other...  
...sources, limited to six, to which it is to be reduced...  
...in the same manner.

A Staff situation which can be held only...  
...by an Officer whose Regiment is serving at the...  
...station of a garrison, or of the garrison to which...  
...the appointment is attached, and who vacates...  
...the same by the command of the Government...  
...for a short period, may, on all occasions, be...  
...held up to the nomination of an Officer, the...  
...rank without reference to the number of permanent...  
...Officers to which the Government is...  
...entitled, and he may be promoted to the...  
...rank of Captain, but an Officer so promoted, if...  
...not again reduced, must return to Regimental...  
...duty, or to some other station from the station or...  
...station to which he is so temporarily employed...  
...on the Staff.

The number of Staff, Staff Officer, and other...  
...staff appointments is regulated as follows:

*Appointments without limitation.*

Residents at Native Courts, or high diplomatic...  
...missions.

*Appointments to be made at a point to the...  
...rank of Lieutenant Colonel.*

As a result, the authors concluded that the *in vitro* and *in vivo* tests were not the most appropriate for the study of the effect of the different types of denture on the oral cavity. They suggested that the use of a computerized system for studying the effect of dentures on the oral cavity would be more appropriate.

U. S. & Infant Mortality will be much reduced by the more judicious use of the vaccine derived from the United States and will be increased by the use of the vaccine derived from foreign sources.

Port William, Home Department, Legislative,  
The 10th June, 1853.

The following Extract from the Proceedings of the Governor General of India in Council, in the Legislative branch of the Home Department, under date the 10th June, 1853, is published for general information.

Read a second time the Draft of a proposed Act, dated the 5th November, 1852, and published in the Calcutta Gazette of the 10th November 1852, for the amendment of Procedure in cases on appeal to the Sudder Courts in the Presidency of Port William in Bengal.

Resolution.—The Governor General in Council resolves that the following revised Draft on the subject be published for general information:

Act No. — of 1853.

*An Act for the amendment of Procedure in cases of appeal to the Sudder Courts in the Presidency of Port William in Bengal.*

Whereas it is desirable to simplify and shorten the procedure and modes of pleading in regular appeals to the Courts of Sudder Dewanny Adawlat in the said Presidency, It is enacted as follows:

I. Act IV, 1850 and Sections II, III, and IV, Act XXX, 1850, are hereby repealed, except as to appeals presented before the passing of this Act.

II. Every petition of regular appeal in a case appealable to the Sudder Court shall be presented to the Court in which the decision was passed within six weeks from the day of the decision; unless the Sudder Court shall, upon sufficient cause shown, extend the time for presenting such appeal. Such petition of appeal shall contain only notice that the party, being dissatisfied with the judgment, is desirous of appealing from it, except in cases of petitions under Section XXXI of the Act.

III. On presentation of a petition of regular appeal to the Court, in which the decision was passed, notice thereof to the respondent, as well as a proclamation to the same effect, shall immediately issue from that Court. If the notice cannot or personally served, the proclamation shall at once be fixed upon the door of the respondent's dwelling-house, or in some conspicuous place in the village where he usually resides; or in cases in which the respondent may not have a fixed

residence within the jurisdiction of the Company's Courts, the proclamation may be fixed upon the door of his house of business or enticberry, or the notice may be served on his known local Agent. In case the proclamation cannot be fixed or served in the manner above-mentioned, it shall be affixed in the Court House of the said last mentioned Court, and also in such other place, if any, as the said last mentioned Court shall direct. The nazar shall return the order of notice or proclamation with an endorsement, stating at what time and place it may have been served or fixed up. The return of the nazar is to be filed in Court, and to form a part of the record of the trial.

IV. The Kait Section XI, Regulation VI, 1793, which directs copies of all original papers transmitted to the Sudder Dewanny Adawlat with the record of an appealed case to be made out and deposited in the Court in lieu of the originals, is hereby modified, and it shall be necessary to copy only the exhibits and any papers of importance which either of the parties may specify, including the pleadings or any parts of them which may be desired by either of the parties.

V. The appeal record shall be certified to the Sudder Dewanny Adawlat as soon as conveniently may be after the presentation of the petition of appeal.

VI. On arrival of the appeal record at the Sudder Court, notice shall be affixed in the Court-house of the Sudder Dewanny Adawlat, or given in such form and manner as that Court shall order by a Rule to be framed under Section II, Act XVII, 1851, requiring the appellant, to file within four weeks from the date thereof his grounds of objection to the decision of the Court below. Within the said space of four weeks the appellant shall file in the Court of Sudder Dewanny Adawlat his grounds of objection to the decision. Such grounds of objection shall be stated distinctly and concisely without any argument or narrative of facts; they shall be numbered consecutively, and shall be on paper, bearing the stamp duty prescribed by Article II, Schedule B, Regulation X, 1839. On failure to file the grounds of objection within the said space of four weeks, the appeal shall be dismissed, unless the appellant shall show reasonable cause to the satisfaction of the Court for his default, in which case the Court may allow him to file his grounds of objection within such further time as

the Court may order. A separate paper, containing details in support of the grounds of objection may at the option of the appellant be filed on plain paper within the said period of four weeks, or such further time if and as may be allowed by the Court for filing the grounds of objection.

VII. On the filing of the grounds of objection by the appellant, notice shall be given to the respondent, in the manner prescribed by the preceding Section of this Act, requiring him to file his grounds of objection, if any, to the decision within four weeks from the date of such notice, and any grounds of objection to the decision whether involved in the appeal or in the objections filed by the appellant or not, may be filed by the respondent within the said space of four weeks, or within such further time as the Sudder Court may allow for that purpose upon reasonable cause shown to the satisfaction of the Court for such extension of time.

VIII. At the expiration of such last mentioned space of four weeks, or of such extended time as may be allowed by the Court as last aforesaid, the case shall be considered complete, and the case ready for hearing. The grounds of objection, if any, which shall be filed by the respondent, shall be signed distinctly and honestly, with a true and correct narrative of facts; they shall be numbered and certified, and shall be on paper bearing the stamp duty prescribed by Article 2, Schedule B, Regulation X, 1822.

IX. If any of the grounds of objection filed by the respondent shall not be involved in the appeal, or the grounds filed by the appellant, but would be the ground of a separate petition of appeal by the respondent, such grounds of objection shall be on paper, bearing, in addition to the stamp above-mentioned, the stamp which would have been required on a separate petition of appeal filed by the respondent, unless the respondent shall have presented a separate petition of appeal in the case; provided that, if the suit in appeal be referred back for further investigation and decision without a judgment on the merits of the case, the law as to stamp duty paid by the respondent shall be subject to him in the same manner as if such stamp duty had been paid on a separate petition of appeal.

X. A separate paper, containing detailed reasons in support of the grounds of appeal filed by the respondent in answer to the detailed reasons, if any, filed by the appellant, may at the option of the respondent, be filed on plain paper within the period of four weeks allowed for filing the respondent's objections, or within such further time as may be allowed by the Court for filing such objections.

XI. Either party may, by leave of the Sudder Court or any Judge thereof at any time before the hearing, amend his grounds of appeal, or add grounds of appeal to those filed, upon such terms and conditions, and within such time as the said Court or Judge may order. The said Court may also, upon the hearing of any appeal, allow either party to amend his grounds of objection, or to add further grounds, or to amend and be heard by himself or his counsel, to substantiate any objection to the decision not included in his grounds of objection, upon such terms and conditions as to postponement of the case, and to the payment of costs or otherwise as the Court may think just, to prevent the opposite party or parties from being misled by surprise or otherwise. Without

such leave of the Court neither party shall be allowed to raise or be heard in respect of any objection not included in his grounds of objection filed. But the Court shall not be confined to such grounds of objection in deciding the cause.

XII. If the grounds of objection filed by the appellant and respondent shall be upon points of law only, and shall not raise any question of fact, the Sudder Court, upon application on behalf of either party, may fix a day for the hearing and decision of the appeal, with reference to the place in which it may stand in the general list of appeals pending in the Court.

XIII. Appeals by paupers shall be preferred in all respects as heretofore; except that the detailed grounds of objection to the decision of the Court below, shall be stated in the manner above mentioned, and written on plain paper, and presented within four weeks from the date of permission to appeal as a pauper. If detailed reasons for preferring the appeal be also presented, they shall be presented within the same four weeks.

XIV. If an appeal be preferred upon points of law only, without disputing any of the facts found by the judgment of the Lower Court, the appellant may give notice of his intention to appeal upon points of law only, without specifying the points in his petition, and such notice shall be filed from any appeal upon the facts. If the appellant, in an appeal under this Section, shall intend to appeal against the construction put upon any document in the Court below, he shall give notice of such intention in his petition or appeal in order that the document may be forwarded to the Sudder Dewanny Adawlat, and unless such notice be given the appellant shall not be allowed to controvert the legal construction put upon such document in the Court below. The notice so required, however, shall merely give notice of the intention, but need not specify the objections to the construction put upon the document. An appeal under this Section shall be specially returned to the Sudder Dewanny Adawlat as an appeal of Law only. In such appeal, it shall not be necessary to forward to the Sudder Dewanny Adawlat any part of the record in the Lower Court, except the decree of the Court and the men's return to the order for notice or proclamation of appeal, and any document of which the appellant may, in his petition at appeal, give notice of his intention to dispute the legal construction as above-mentioned. In cases under this Section the respondent shall be bound to make appearances in the Sudder Dewanny Adawlat within six weeks from the serving of notice, or the issuing of the proclamation of appeal in the manner provided by Section III of this Act. At the expiration of the said space of six weeks, the Sudder Dewanny Adawlat shall fix such day as it may deem proper for the hearing and decision of the appeal upon objections of Law as to the being or not of regard to the place in which it may stand in the general list of appeals pending in the Court, and the Court shall also fix a day for the parties to bring in and file their grounds of objection.

XV. If upon an appeal preferred upon points of law only the respondent shall file grounds of objection raising any question of fact, the Court may hear the appeal upon the questions of law in the first instance, in the manner pointed out in the last preceding Section, and if their decision of the case upon the points of law shall render it necessary to determine the objections as matters of fact,

they shall stand for the remainder of the record, and the case shall be set down for hearing in the list of regular appeals for decision upon objections to the admission of fact, and shall be determined upon such objections in the same manner as any other regular appeal.

XV. Upon the hearing of any appeal, the Court shall give judgment according to the justice of the case, without regard to any technical error or defect which does not affect the merits.

XVI. This Act extends only to the Presidency of Fort William in Bengal.

Enacted that the Draft now read be reconsidered at the next Meeting of the Legislative Council on Monday after the 10th day of July next.

L. P. GRANT,  
Secy. to the Govt. of India.

The following Draft of a proposed Act was read in Council for the first time on the 10th of June 1856:

Act No. 1856.

*An Act for amending the law of special appeals.*

1. Act No. III. of 1843, in so far as it relates to appeals, is hereby repealed, except in so far as in which a petition for appeal shall have been presented before the time fixed by the provisions of this Act.

Every application for a special appeal shall be made in writing, before the time fixed by the provisions of this Act, and no order shall be made, passed, or given before the time so fixed, such application shall be heard and determined by the Court, and as an appeal presented under this Act, and all the provisions of this Act shall extend to such application and to the hearing thereof, and to all other proceedings thereon; and also to the hearing and determination of the appeal if the case shall be admitted.

III. If any such application shall have been presented, and the appeal admitted before the time so fixed as aforesaid, the appeal shall be heard and determined according to the provisions of the said Act No. III. of 1843, except that the Court of Sudder Dewanee Adawlut, at the Court of Sudder Adawlut, in the case may be, shall determine the appeal, with reference to the points in dispute, and may call for or refer to any part of the proceedings which may be necessary.

IV. A special appeal shall lie to the Courts of Sudder Dewanee Adawlut at Calcutta, Aggra and Benares, respectively, and to the Court of Sudder Adawlut at Murree, from any decision passed or order given in any of the said Courts subordinate to the said Sudder Courts, or in any of the following grounds namely:

1st. On the ground that the decision is contrary to the evidence on matters in dispute in the case, or that it is contrary to the spirit or any of the provisions of law or is not having the force of law.

2nd. On the ground of a misapprehension of any document.

3rd. On the ground of any ambiguity in the decision, or a material error in the determination of the matters in dispute in the case upon the merits.

4th. On the ground of any substantial error or defect in procedure, or in the investigation of the case, provided such error or defect be apparent on the record, and shall have produced, or be likely to have produced any error or defect in the decision of the case upon the merits. Provided always that no such special appeal shall lie, nor shall any such decision be reversed, altered, or confirmed by any of the said Sudder Courts, upon the ground that the decision of any question of fact is contrary to or not warranted by the evidence in the case, or any probability deduced from the record.

V. A special appeal shall not be admitted unless a petition be presented to the Court of Sudder Courts within three months from the date of the decision appealed against, or unless the petitioner can show just and reasonable cause to the satisfaction of the said Sudder Courts for not having presented it within such limited period, and every such petition shall be accompanied by copies of the several decrees previously passed in the case.

VI. Every petition for a special appeal shall set forth concisely, and under distinct heads the particular grounds on which the application is made.

The said lists shall set forth the dates on which such petitions are likely to be brought on for hearing, and the said Sudder Courts shall cause extracts from the said lists to be transmitted to the Courts in which the decisions on regular appeal were passed; such extracts shall be affixed in some conspicuous place in the last mentioned Courts, and extracts therefrom shall be transmitted by such Courts to the Courts in which the original suits were instituted, and such last mentioned extracts shall be affixed in some conspicuous place in the said last mentioned Courts. The time to be fixed by the Sudder Courts for the hearing of any petition shall not be less than six weeks from the date of the date of the extracts referring to the same from the Sudder Courts.

VIII. It shall be lawful for the said Sudder Courts, or any one or more of the Judges thereof, respectively, to hear applications for special appeals, duly presented as aforesaid, in the presence of the special appellant, or his father, guardian, or the respondent or his father, or each of them as shall attend, and it shall be competent for the said Court, or for such Judge or Judges thereof, to call for and peruse any document forming a part of the record of the case, or to order the amendment of the record, or special appeal for itself, or within such time as may be fixed by the Court, not exceeding one month from the date of such order, to be an order or sentence to the Court which pronounced the decision appealed from, for further information or explanation, or to reject or admit such special appeal, or it shall appear that the facts have been sufficiently recorded, or that the case is otherwise so circumstanced that the Sudder Courts, or the Court of appeal, may deem it necessary to order thereon to issue an injunction, setting

forth the original instrument, and other defects in the instrument, or errors in the proceedings, and remitting the same to the Court by which the same shall have been passed, in order that such decision may be reversed by the said Court, or that the same may be affirmed or modified, inasmuch as may be conformable to law. Provided always that no such appeal shall be ordered to be allowed, except upon a petition, wherein it shall appear with the order for the same, that such application shall be made by only two Judges, and that after an appeal has been admitted the appeal, it shall be admitted.

IX. When any petition for a special appeal shall be rejected as aforesaid, the order shall state the reason for disallowing each of the grounds set forth in such petition, and every such order of rejection may be again reviewed by the same Judge or Judges of the said Sudder Courts, respectively, or by any Judge or Judges sitting for or instead of him or them, if they or he shall think fit to review the same. Provided that no such review shall be allowed unless application for the same be made within three months from the date of such order.

X. When any special appeal shall be admitted, the same shall be heard and determined by the said Sudder Courts, or any three or more of the Judges thereof, and such hearing and determination shall be upon all the grounds upon which a special appeal will lie under this Act.

XI. The existing Laws and Regulations of the Presidency of Bengal, Madras and Bombay, relating to special appeals shall continue in force, in so far as they are not inconsistent with, or repugnant to, this Act.

XII. This Act shall come into force and take effect from and after the day of 1853.

Enacted, that the Draft now read be published for general information.

Enacted, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 10th day of September next.

1. The first of these is the fact that the proportion of the population of the United States which is of foreign birth is increasing. In 1900, 13.2 per cent of the population was of foreign birth, and in 1910, 14.6 per cent. This increase is due to the fact that the proportion of the population of the United States which is of foreign birth is increasing in all of the States, and in all of the years since 1900.

FINANCIAL DEPARTMENT.

No. 11 of 1853.

OUR GOVERNOR OF THE PRESIDENCY OF FORT WILLIAM IN BENGAL.

"We consider it desirable to acquaint you for public notification, that Her Majesty's Govern-

ment has every facility for the payment through the Commissariat in South Australia, or any other of Her Majesty's Colonies, of pensions of retired officers and soldiers of the East India Company's Service who reside there.

2. You will therefore furnish to all parties who may desire on retirement from the service to proceed to any of Her Majesty's Colonies for the purpose of residence there, Certificate of last payment in India, and you will make the necessary communication upon the subject to the Government of the Colony to which the pensioner may proceed, in order that no obstacle may occur to his receiving his pension there as it falls due.

3. You will also forward to us periodically a return of the parties who may have proceeded to the Colonies, with the amount of their pension or pensions for comparison with the claims of Her Majesty's Government for reimbursement of the payment made by the Commissariat abroad on the above account.

4. We forward in the packet copy of a letter from Her Majesty's Treasury, with its enclosures, dated 15th March 1853, { on the subject of this communication.

SIR.—I am directed by the Duke of Newcastle to transmit to you, for the consideration of the Lords Commissioners of the Treasury, a copy of a despatch, which has been received from the Lieutenant Governor of South Australia, recommending that arrangements should be made for enabling pensioners of the East India Company, who reside in that Colony, to receive their allowances through the Commissariat in the same way as pensioners of Chelsea Hospital.

TO THE RIGHT HON. BLE. SIR JOHN PARKINGTON.

Young, Esq.,

Military. Sir.—I have the honor to suggest that the Lords of the Treasury be moved to instruct the Commissariat Officer of the station periodically to pay to retired officers and soldiers of the East India Company's Service settled in South Australia any pensions to which they may be entitled, as they fall due, according to the existing practice in respect of pensions to soldiers in the Queen's Service.

On a recent occasion, the Officer commanding the small detachment in South Australia, which constitutes the military garrison in Adelaide, was authorized, on my application, to direct the Commissariat Officer to pay a pension of the East India Company's Service resident in the Colony. In the event of this suggestion being adopted by the Lords of the Treasury, it will be desirable that communication should be had with the authorities in India respecting the forms or certificates under which the pension is to be advanced on account of the Indian Service by the Commissariat here, and repaid to the Treasury in London.

Australia and India are so certain to be brought into increased intercourse with each other, that I am induced to recommend the removal of all difficulties to the emigration and settlement of meritorious retired soldiers desirous of becoming Colonists in Australia.

I have, Sir,

R. J. H. BINCH, Lieut.-Colonel,

Offg. Secy. to the Govt. of India,

Mil. Dept.

No. 521 of 1853.—It having been brought to the notice of Government, that the Commissariat Department is subjected to much inconvenience and difficulty in obtaining proper vouchers in support of expenditures necessarily incurred for the public service, in consequence of there being, in several cases, no defined rule as to the functionaries by whom particular vouchers are to be signed or furnished, the Most Noble the Governor General of India in Council is pleased to lay down the following rules applicable to some of these cases, to which the attention of Officers and Departments concerned will be directed in such manner as His Excellency the Commander-in-Chief may think proper:

I. It being in some instances necessary for a Commissariat Officer to engage at the station carriages difficult to procure, before it is actually required, in order that the opportunity of providing it may not be lost; it is in future to be distinctly understood that in all such cases, the carriage when engaged is to be at once made over to the Indenting Officer, who will be informed by the Commissariat Officer of the date of its engagement and of the cause of its being thus early supplied; the Indenting Officer, in giving his acknowledgment for the carriage, is required to state whether or not he concurs in the Commissariat Officer's explanation of the necessity of engaging the carriage before hand; the Indenting Officer, on the date of hire of the carriage, with the forwarding Officer's approval of the measure, being in all practicable cases made on the spot. This

rule will not interfere with G. O. of 18th November, 1820, and 4th October, 1822, which apply exclusively to carriage obtained from a distance, or from the adjacent country.

II. When tent lascars are provided by the Commissariat Department for European Non-Commissioned Officers proceeding from one station to another, the Commissariat will be furnished at the proper time with a certificate, signed at large stations by the Brigade Major, and at out posts by the station Staff Officer, of the rates of entertainment and discharge of the men.

III. When the Commissariat is required to provide the authorized subsistence to prisoners, it will be furnished with a receipt for the advance made, on the party quitting the station, signed by the Quarter Master of the Corps from which the guard over the prisoner may be drawn, and for subsequent payments, after arrival at destination, by the Quarter Master of the Regiment to which the prisoner may be made over.

IV. With small Detachments of European Troops, when no Officer is in command, the health certificates and review rolls of carriage employed for departmental purposes are to be signed by the Executive Commissariat Officer, and countersigned by the Brigade Major. The vouchers of the Medical Department are to be signed by the Officer of the Subordinate Medical Department, when one is present with the Detachment, and countersigned by the Superintending Surgeon of the Circle. The vouchers for all other purposes will be signed by the Brigade Major. The indent for the original engagement of establishments are to be signed by the Officer commanding the Corps from which the greatest number of men may be detached, and countersigned by the proper parties as prescribed by existing Regulations.

No. 522 of 1853.—Lieutenant Harris William Hales, of the 44th Regiment of Native Infantry, is permitted to proceed to Europe, on furlough, for one year, without pay, on account of his private affairs.
